7.3 Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words.

The main objective of TGPCA is to achieve excellence in academics by emphasizing on the development of new learning techniques. This is keeping in mind the fast changing scenario in the field of architecture as it shapes itself for the 21st century. The institute gives great importance to training the new generation in the science and art that can balance functionality with aesthetics in built form. This is done by imparting knowledge of latest construction techniques, services and smart technology and also emphasizing on human values and social responsibilities so that students learn to take users into consideration always. Institution believes in producing good citizens of this country with self-discipline and accountability with respect for democratic, ethical and moral values. This will ensure that as they step into the profession they will produce a built environment that befits a country rising into the new millennium. To bring out the best in both students and Faculties Institute has provided the best possible amenities to enhance individual skills in academics, technical-esthetical and extracurricular activities for their overall development. TGPCA is one of the top ranking architectural schools of the regions. The school has already proved its credentials by maintaining excellent record in both university and placement scenario. In addition there is interaction with different educational, social, cultural and sports organization on regular basis. New Innovative Teaching learning to learn Sustainable Techniques It is in practice of the institute to implement methods and techniques of out of the classroom teaching and learning. Students visit project site with faculty to undertake hands on activities to learn.

Under the above activity students have visited Chennai for a study tour and also to attend a One Day workshop organized for students in association with Public Work Department of Chennai regarding heritage Conservation technique at Chennai. Students were sent to Center of Science for Villages, Wardha along with faculty members to attend one day workshop to learn cost effective construction techniques using mud and other local materials for providing Housing to Economically Backward section of the society.

Students were assigned documentation work of village KachariSawanga, Tehsil-Katol, Nagpur, Maharastra, under Elective subject Architectural Documentation, with the objective of the documentation was to understand and analyse the vernacular architecture style and construction techniques used in Vidharbha region. A site visit for students was organized to a construction site of Radiance infraventure (SaiKrupaResidency) near Pipla Village, Besa Road, Nagpur, to make students understand about the details of reinforcement provided in structural elements of a building. A Heritage walk in collaboration with INTACH for students was organized to General Post Office, to make students understand importance of the heritage structure and the construction techniques. Students also participated in collage making and Turncoat-Extempore competition in climate Change Challenge organized by CSIR-NEERI. Under "Green India- Green Wall" students participated in making of Green Wall out of Waste water bottles to encourage sustainable Practice. It was a hands-on learning project for students who designed and installed the wall.

INTACH, Architectural Sankul organise heritage visit to GPO

■ Staff Reporter

ON THE occasion of Centenary year of British Era heritage structure General Post Office (GPO), INTACH Nagpur Chapter in association with Architectural Sankul organised a heritage visit for the students of Shrinivas Public School and Tulsiram Gaikwad Patil College of Architecture.

Under the guidance of Kishor Divekar, Convenor, INTACH Nagpur Chapter; Dr Madhura Rathod, Co-founder, Architectural Sankul and Co-convenor of INTACH Nagpur Chapter, along with architect Nitika S Ramani, Co-founder of Architectural Sankul and additional Co-convenor of INTACH Nagpur Chapter, facilitated the heritage visit. In all, 50 students along with their teachers participated in the heritage visit. Ramani explained to the students

The students and the organisers during their visit to GPO.

the history and architecture of GPO. Sanjay Sathey, GPO official, briefed the students about various departments and the working of the post office. Students learned a lot about the stamp history at Philately section where

Sathey and Khedhar spoke about the stamps in detail.

Dr Rathod concluded the visit with a vote of thanks. School and college authorities appreciated the efforts put in by INTACH and Architectural Sankul team.

TGPCA Visited Centre of Science for Villages (CSV) Wardha

Tulsiramji Gaikwad - Patil college of Architecture Wardha Road, Nagpur - 441 108 TGPCA Visited Centre of Science for Villages (CSV) Wardha Students and Faculties of TGPCA visited Centre of Science for Villages (CSV) at Duttapur, Wardha on Feb 1, 2020 to study, learn and to get firsthand information about various cost effective construction techniques developed by CSV. Development of Innovative building materials and construction techniques play very important and vital role in bridging the ever widening gap between demand and supply of low cost shelters in the country. Dr. Soham Pandya, Secretary and Executive Director of CSV, Wardha conducted a workshop on Innovative Cost Effective sustainable construction technology developed by CSV using local materials and labours. The workshop was conducted after the tour of 'Sanitation Park' on Nagpur Road where various construction and sanitation techniques are demonstrated. Development of Innovative building materials and construction techniques play very important and vital role in bridging the ever widening gap between demand and supply of low cost shelters in the country. Visit was well coordinated by Prof. Rohit Rathi (Course Coordinator of Architectural Design of 4th Sem) & Prof. Nitesh Jibhate accompanied the students during visit.
