

## VALENTINE'S DAY CELEBRATION

Tulsiramji Gaikwad-Patil College of Architecture realized the importance of spreading love as they spent their Valentine's Day at Udaan, a program for specially-abled children held by the Rotary Club of Nagpur. Games were organized for the children and everyone bonded over lunch. The students' council also brought the celebration to the college with fun and games and a red and black dress day. Thus the day was filled with happiness and joy among the TGPCA family and radiated to all around.
