WOMEN'S EMPOWERMENT FOR ENTREPRENEURSHIP

TGPCA has organised a guest lecture on Women's Empowerment for Entrepreneurs in association with JCI Nagvidharbha.

JC Saurabh Meshram talked on the subject of 'Knowing Yourself'. This was important as knowing and understanding yourself is the first step in estimating your psychological and emotional needs. It was pointed out as an important factor for empowering yourselves. The importance of mutual respect was elaborated as being a positive contributor. Setting of goals that are directed towards achieving success was identified as a positive organiser in one's life. The students were benefitted with the talk.

JC Amey Dabke introduced the concept of 'Women's Empowerment for Entrepreneurship' to the students of TGPCA. He inspired the students to plan and initiate business ideas. He also explained various central and state government schemes for loans available for young professionals, along with special facilities and subsidies for women entrepreneurs. The talk was very helpful for our female students as many of their questions were answered and young minds were encouraged and motivated.
